Re: Request for Municipal Consent

Dear Mary,

I am writing to request municipal consent from the City of Northfield for our company, Cross River Fiber to use the public right-of-way in order to attach or install our telecommunications fiber optic cable to existing utility poles or conduits. Enclosed you will find copies of a sample resolution, our BPU approval as well as a copy of applicable federal and state statutes that govern our industry.

As a telecommunications utility, we have been authorized by the Board of Public Utilities to provide local telecommunications services throughout the State of New Jersey. Pursuant to such authority, we may locate, place, attach, install, operate and maintain fiber optic facilities within the municipal, county and state right-of-way for the purpose of providing telecommunications services. As such, in accordance with N.J.S.A. 48:3-19, we request the consent of the City of Northfield to locate, operate and maintain fiber optic cable within the municipal right-of-way throughout the City for us by our commercial customer. We are respectfully requesting that this permission be granted within 60 days of receipt of this letter.

Our efforts to expand our existing fiber optic infrastructure throughout the State of New Jersey and through the City of Northfield will allow us to offer additional competitive services of all commercial and municipal customers. Our customers include other telecommunications carriers, enterprise and commercial businesses, municipal governments, hospitals and local school districts. We provide our customers with a network infrastructure which aggregates voice, internet and private data on high bandwidth fiber optic cable that spans from corporate campuses to metropolitan and inner-city networks

My office will be contacting you to follow up on your receipt of this information and to discuss the next steps to receive your municipal consent. In the meantime, should you have any questions, do not hesitate to contact me at 732-643-0115. We will be happy to make an informal presentation to you and your board at an appropriate upcoming meeting and to answer any questions they may have at that time.

Sincerely,

Fred Brody,
